REMARKS

Reconsideration and allowance of the above-amended patent application is respectfully requested. Applicant gratefully acknowledges the Examiner's allowance of all pending claims and the application.

A Request for Continued Examination under Rule 114 (a) (1) has been filed concurrently with this amendment in order for the Patent Office to consider dependent Claims 86-95. Each dependent claim is fully supported by the specification as originally filed. No new matter is added. In addition, each newly added claim is patentable in part because of its dependence from an allowed claim.

Upon entry of the above amendments, Claims 1-60 and 86-95 are pending and are patentable. The application should be in full condition for allowance.
